Zoom Poll

Why is the timely expenditure of IDEA grants important?
(open-ended responses)
Timely Obligation and Liquidation Requirements
Internal Controls Requirements in the OMB Uniform Guidance

- 2 CFR §200.302—Financial Management. States must expend and account for the federal award in accordance with state laws and procedures for expending and accounting for the state’s own funds.

- 2 CFR §200.303—Internal Controls. States must establish and maintain effective internal controls over the federal award.
Part B and Part C Grant Timelines

There are two phases of a grant:

- **Period of Availability (27 months)**
  - Budget Period (15 months)
  - Tydings Period (12 months)

- **Liquidation Period (120 days)**

2 CFR §200.309, 2 CFR §200.344, and 2 CFR §200.77
Period of Availability (27 months)

Budget Period (15 months)

- Federal fiscal year (FFY) 2023 funds are available from July 1 of the current FFY through September 30 of the next FFY.
- This is the period for which OSEP has provided federal Part B and Part C funds for specific approved activities.
- Example: The Budget Period for the FFY 2023 award is July 1, 2023, through September 30, 2024.
Period of Availability (27 months)

- States may obligate any Part B and Part C funds that were not obligated in the budget period.
- Example: The Tydings Period for the FFY 2023 award is October 1, 2024, through September 30, 2025.

Section 421(b) of the General Education Provisions Act (GEPA), 20 U.S.C. §1225(b), and 34 CFR §76.709

When Obligations Are Made
When Obligations Are Made

EDGAR 34 CFR §76.707 has a table illustrating when a state makes certain kinds of obligations for property and services.

State Systems for Tracking

States must have a financial system that supports the Part B and Part C programs to

- conduct oversight of the use of funds and
- effectively track the obligation and liquidation of federal funds.
Considerations

How are you using IDEA funds?

How does this affect your ability to spend the funds?

How do you monitor the rate of expenditure of IDEA funds—both at the state and local levels?

How are internal controls used to ensure older grant funds are spent first?

What can a state do to ensure the timely expenditure of IDEA grants?

Monitor the expenditure of funds throughout the grant period—at both the state and local levels

- Expend the older funds prior to the newer funds (FIFO)
- Monitor the use of state-level funds
- Monitor the rates at which local entities are expending funds and establish procedures for communicating with local entities
- Review the expenditure data to inform the budget and planning process for future years
Are there exceptions to the grant period?

IDEA does not provide the Office of Special Education Programs (OSEP) the authority to extend or waive the period of availability.

- In extenuating circumstances, Congress may grant special authority to waive this requirement.

Late Liquidation Requests

- Funds must be obligated within the 27-month period of availability.
- Phase 1
- Phase 2
